Employment Reference Letter

Dear Sir/ Madam,

This is to certify that Ms. Sivani Sutha Saravanan has been employed with Brillio Technologies Pvt Ltd., since 17/3/2022 till present. She currently holds the position of Senior Engineer.

Passport no: **Z4934038**

I further confirm that the total remuneration received by Brillio Technologies Pvt Ltd., is INR 1650000 per annum and she is required to work 40 hours per week on a full-time employment basis.

Position(s) held by her are listed below:

Position	Period	Annual Remuneration (INR)
Engineer	1 year	800000
Senior Engineer	3year	1650000

She is responsible for the following responsibilities:

- **Software Architecture & Development:** Analyzing system requirements, estimating complex development deliverables, and engineering scalable, high-performance web applications and application components using advanced scripting languages and software programming paradigms.
- **Pharmaceutical Platform Engineering:** Engineering, optimizing, and maintaining multi-tier enterprise web applications and web systems for global healthcare clients (including Sun Pharmaceutical Industries brand platforms such as Bromsite, Cequa, CequaPro, Levulan, Levulan HCP, Ilumya, Ilumya Pro, and Odomzo).
- **System Migration & Code Refactoring:** Leading large-scale system migrations of enterprise platforms from legacy PHP architectures to modern ReactJS and Adobe Experience Manager (AEM) ecosystems, improving runtime performance, component reusability, and backend API integration.

- **API Integration & Data Mapping:** Designing, developing, and integrating RESTful APIs and server-side components with interactive client-facing modules, ensuring secure data flow, system synchronization, and optimal responsive performance.
- **Analytics Optimization:** Programming application modules to handle analytics data tracking, optimizing data structures for search engine discoverability (SEO), and executing data workflow enhancements.
- **DevOps & Deployment Lifecycle:** Managing full-stack DevOps pipelines, including automating application builds, coordinating continuous integration/continuous deployment (CI/CD) environments.
- **Agile Leadership & Peer Review:** Serving as the technical Point of Contact (PoC) for application issues, participating in Agile sprint retrospectives, and mentoring junior software developers to drive engineering workflows.

Sincerely,
For Brillio Technologies Pvt Ltd.
